- The group should be called Cool Rebellion Invading North Genderbends Empire.

- The members should be,
    - Hytmags (Original Leader)
    - Pizza Mascot
    - Jim…
    - Slouzer
    - Phoenix1892
    - Aaron
    - Hsytmags (Also Leader, joins group in first episode)
    - Joshua (In a later episode)
    - Victor (In a later episode)
    - Katipunan Sheep (In a later episode)
    - Johnny (In a later episode)

- Don't go too far with adding in things like characters, flashbacks, or episodes sometimes less is more and having too much things will cause some of it to be forgotten or underused (I know from experience lol just look at all of the red shirts i added to this series).

- A scene where Pizza Mascot is asked by Hsytmags on how he survived the execution, Pizza Mascot says that he turned the bullets into pizza, he does not mention Team Plasma or the VGE at all, he should act secretive throughout the series.

- Don’t remove the effects of the Purple Water from Joshua.

- Don’t add revivals to the series, it's too messy.

- Also i think you should have music play throughout the whole videos to add some more to the scenes.
    - But i recommend against using licensed music due to it being a copyright nightmare, i’d recommend royalty free music or video game osts

- Pizza Mascot has a new outfit, check the images folder for it.

- Paul The Pumpkin.

- I decided to un-retire Jim… so you can use him again.

Ideas for Episodes

Hsytmags makes a new Blue Water using Pizza Mascot, throughout multiple episodes he ungenderbends the future CRINGBE members to get them back to his side.

Homie Robot and the other remaining Resistance members find a way to remove the mind control from the Pink Water, making it harmless. The Metal Phoenixes find out and attack them but Phoenix851 is able to stop them and reprogram them to no longer serve GK and be part of The Resistance again.

The Resistance removes the mind control from every genderbend, making them not act like zombies, they find Tempus and assemble to defeat BoyKickerGK, they defeat the remaining GK members and get them all arrested.

In the finale, Hsytmags is watching the news, the reporter says that the genderbent people are now normal and some people like being genderbent, he also says that GK has finally been defeated by The Resistance, Hsytmags says "those immoral genderbends are corrupting my world, i can't stand it they are evil, i will destroy all of them", he gathers the members of CRINGBE (excluding Pizza Mascot and Jim…) and says "the evil genderbends took over the city and we gotta kill all of them", he tries to attack some genderbent people but CRINGBE gets stopped by The Resistance, they fight and The Resistance wins, Hsytmags and the rest of CRINGBE gets arrested by Police Officer Jeff and Bryan.
